2023 INTERNATIONAL FORUM FOR PEER LEARNING AND PEER SUPPORT (FREE EVENT)

This is a **Free** and **in person event** held at and sponsored by **Global Banking School, Stratford, London** on the **21st March 2023**

Hosted by: **The Association for Peer Learning and Support, the European Centre for SI-PASS** in partnership with **Global Banking School**

The Association for Peer Learning and Support, and the European Centre for SI-PASS, are delighted to invite you to attend this in-person International Forum for Peer Learning and Support on Tuesday, 21st March 2023.

Building on the highly successful online Forums held in January 2021 and June 2022, this promises to be another exciting event during which colleagues can finally meet up in person this time! At the last Forum, we welcomed participants across several different time zones including Australia, Belgium, Canada, Ireland, New Zealand, Sweden, Turkey, the UK, and the United States. Presentations and discussion forums included topics about moving peer learning online, building peer communities, the role of peer learning in widening access and transition to university, and developing student resilience and wellbeing.

By attending this 2023 Forum event, you can join like-minded practitioners and students for stimulating sessions, debates and discussions about many aspects of peer learning and peer support. It will be an opportunity to experience GBS' flagship campus in Stratford, London. We will provide plenty of opportunities to reflect on

peer learning and support successes this year — with the opportunity to share some of the challenges as we continue to move between online, hybrid and in-person learning and teaching environments.

Please use the registration form to sign up, and consider submitting a proposal to present a session on an aspect of your peer practice or run a live workshop — which enables delegates to develop particular skills or insights. More details about the presentation formats are available in the call for proposals form.

We look forward to seeing you in March 2023!

Best wishes on behalf of the Forum Organisers:

Catherine McConnell,
Lise-Lotte Mörner,
Mala Arunasalam.

Registration deadline:
Tuesday 21st February
